www.bmw.co.uk/x1

THE BMW X1.

FOR A LIFE FULL OF POSSIBILITIES.

The BMW X1 is the ideal vehicle for anyone who wants to go their own way and live life according to their own rules. Ascending lateral lines, a long wheelbase and short overhangs combine to give its dynamic look and characteristic SAV proportions. The xLine, Sport and M Sport models further allow you to create a vehicle as individual as you are with an exclusive range of exterior and interior trim variants, Impressive functionality and modern technology, like BMW EfficientDynamics and BMW ConnectedDrive, make it the perfect outdoor companion.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW X1 model at www.bmw.co.uk/EfficientDynamics

BMW Efficient Dynamics Less emissions. More driving pleasure.

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The BMW X1 is available in a variety of trim levels, each providing a different level of standard specification. These tables highlight some of the equipment differences between the trim levels, whilst further details can be found in the BMW X1 model Brochure.

sDrive SE

- 17" light alloy Star-spoke style 317
- 40:20:40 split-folding rear seats with manually adjustable backrest angle
- Air conditioning, automatic with two-zone control
- Auxiliary input for auxiliary playing devices
- Bluetooth hands-free facility with USB audio interface
- BMW Professional radio with single CD player (with MP3 playback capability)
- BMW TwinPower Turbo four-cylinder in-line petrol engine (sDrive20i only)
- Cup holder in centre console
- DAB tuner
- Electra cloth upholstery
- Electric windows front and rear
- Exhaust tailpipe single, stainless steel with Matt Chrome finisher
- Exhaust tailpipe dual (left), stainless steel with Matt Chrome finisher (sDrive20i/xDrive20i)
- Interior trim, Satin Silver
- High-precision direct injection (sDrive20i only)
- Loudspeaker system with six speakers
- Multi-function leather steering wheel
- Park Distance Control (PDC), rear
- Roof rails, Black
- Servotronic
- Single TwinScroll turbo (sDrive20i only)
- Six-speed manual transmission
- VALVETRONIC with Double-VANOS (sDrive20i only)

RRP from £23,450 inc. VAT

xDrive SE (In addition / replacement to sDrive models)

- Hill Descent Control (HDC)
- Hydraulic Power Steering with Servotronic
- Two-stage twin-turbo (xDrive25d only)
- xDrive all-wheel-drive with fully-variable torque split

RRP from £25,905 inc. VAT

+ £1,355 over sDrive SE

। · digitalradio ।।

sDrive20d EfficientDynamics

(In addition / replacement to sDrive models)

- 17" light alloy Streamline style 306
- Run-flat tyres

RRP from £25,980 inc. VAT

sDrive20d EfficientDynamics Business

(In addition / replacement to sDrive20d EfficientDynamics)

- 17" light alloy Star-spoke style 317
- Media package BMW Business consisting:
 - Navigation system BMW Business
 - BMW Emergency Call
 - BMW TeleServices
- Nevada leather upholstery
- Seat heating for driver and front passenger

RRP from £27,380 inc. VAT

+ £1,400 over sDrive20d EfficientDynamics

Sport (In addition / replacement to SE models)

- 17" light alloy V-spoke style 318
- Ambient lighting, switchable BMW Classic Orange/White
- Door sill finishers in Black with Sport designation
- Exhaust tailpipe single, stainless steel with Dark Chrome finisher
- Exhaust tailpipe dual, stainless steel with Dark Chrome finisher (sDrive20i/xDrive20i)
- Floor mats with Red piping
- Front and rear bumper with High-gloss Black insets
- Interior trim, High-gloss Black
- Kidney grille with High-gloss Black vertical slats
- Median cloth upholstery
- Roof rails, High-gloss Shadowline
- Side sill with High-gloss Black insets
- Sport leather multi-function steering wheel, with Red stitching
- Sport seats, front

RRP from £24,450 inc. VAT

+ £1,000 over SE

xLine (In addition / replacement to SE models)

- 18" light alloy Y-spoke style 322
- Ambient lighting, switchable BMW Classic Orange/White
- Door sill finishers with xLine designation
- Floor mats with piping
- Front and rear bumper with Satin insets
- Interior trim, Dark Copper
- Kidney Grille with Chrome vertical slats
- Nevada leather upholstery with X headrest embossing
- Roof rails, Matt Aluminium
- Side sills with Satin insets
- Sport leather multi-function steering wheel

RRP from £25,450 inc. VAT

+ £2,000 over SE

M Sport (In addition / replacement to SE models)

- 18" light alloy M Double-spoke style 355 M
- Door sill finishers with M designation
- Exterior trim, High-gloss Shadowline
- Exhaust tailpipe dual (left), stainless steel with Matt Chrome finisher (sDrive20i/xDrive20i)
- Headlining, Anthracite
- Interior trim, Dark Brushed Aluminium
- M aerodynamic package
- M leather multi-function steering wheel
- 'M' logo designation on front wing in Chrome

LOUDSPEAKER SYSTEM - HARMAN/KARDON.

Optional Equipment Highlights

The sound engineers at harman kardon work in unison with our product developers to create a superb Logic 7® surround sound system that is tailored for each BMW Series.

- 12 high performance speakers are optimally positioned within the cabin for a dynamic and balanced sound
- A multi-channel DSP amplifier helps deliver distortionfree music playback

For further technical information please visit **www.bmw.harmankardon.com**

See page 21

MEDIA PACKAGE - BMW PROFESSIONAL.

The latest generation BMW Professional Navigation system combines with the full range of ConnectedDrive Services to deliver a wealth of functionality that can be enjoyed on every journey.

- The most advanced Navigation system that BMW has ever offered
- Enjoy the full range of BMW ConnectedDrive Services
- Benefit from a high resolution widescreen display and intuitive iDrive Touch Controller

See page 15

VISIBILITY PACKAGE.

Advanced BMW headlight technologies intelligently combine to deliver an extremely innovative system that ensures maximum visibility without glaring other road users.

- Enhanced safety due to improved road and cornering
- Fully autonomous system allowing you to stay focused on the road ahead
- The system works at all speeds and varying light conditions

See page 15

all passengers.

- Comfort opening/closing function and trap release
- Includes speed dependant wind deflector, and sun protection glass
- Electric slide and lift control

See page 19

VED rates

VED rates for brand new cars are determined by their ${\rm CO}_2$ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW X1 models fall into one of the seven categories listed below:

CO ₂ emissions (g/km)	Band C 111-120	Band D 121-130	Band E 131-140	Band F 141-150	Band G 151-165	Band H 166-175	Band I 176-185
First year VED	£0	£0	£125	£140	£175	£285	£335
Annual VED (second year onwards)	£30	£105	£125	£140	£175	£200	£220

Key- = Not available

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Ellesfield Avenue, Bracknell, Berkshire, RG128TA (hereafter referred to as "BMW") provides the customer with vehiclespecific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, batterycharge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service - in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service - in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and - if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service - in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW Connected Drive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred - completely anonymously – to BMW and a service provider together with up-to-date time information

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW Connected Drive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kinadom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:

www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Sunday, 9:00 - 18:00.
